INTRODUCTION

Providing educational opportunities to the Tibetan refugee children was one of the most important tasks undertaken by His Holiness The Dalai Lama in exile towards the realization of immediate and long-term goals of the Tibetan people. A number of Residential and Day Schools, Children's Villages and Homes were established to care the children along with modern and traditional education.

In recognition and support of the efforts made by His Holiness The Dalai Lama, the United States Congress passed a resolution in favour of the Tibetan cause in 1987 and consequently decided to provide up to fifteen scholarships annually to Tibetan students to pursue University and Research studies in the United States. Similar opportunities have been received from other countries for Tibetan students.

In order to ensure and maintain fairness in the selection of candidate for the above-mentioned scholarships, the High Level Scholarship Committee (HLSC) of Central Tibetan Administration was established. The HLSC framed the Rules and Regulations and made necessary amendments to the existing Rules and Regulations on the 28th of November 2006. We are happy to publish here the revised version of the Rules and Regulations of the High Level Scholarship Committee and Rules and Regulations for the Selection of Tibetan candidates in India, Nepal and Bhutan for Overseas Scholarships in University and Research studies. We are also happy to introduce this Rules and Regulations and the application form on our website
